- Sold major shows like Castle to AEN Cable Network for 8 figures

GLOBALSTUDIOSAI@GMAIL.COM | LINKEDIN : NNAMDI ADOM, AMMON LYLE

Problem

- Lip Flapping in dubbed movies, tv shows, and cartoons degrades fan experience

- Netflix and Streaming platforms loses more than $100 billion yearly because their content is language segregated

- YouTube and video sharing platforms loses over $100 billion yearly because videos are isolated to native language region
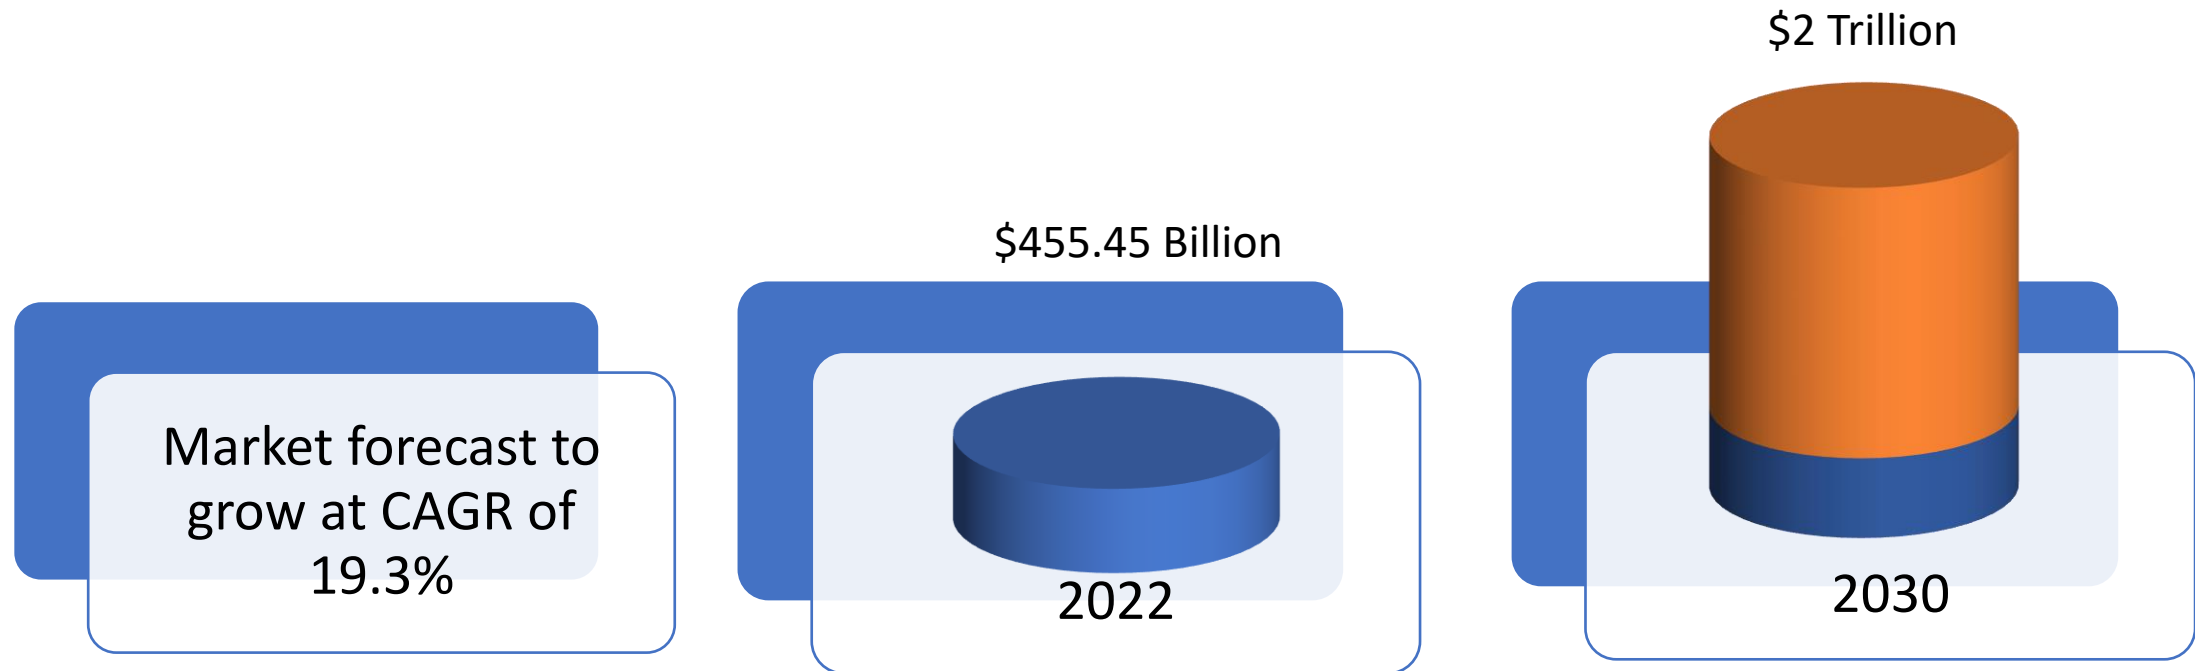

SOLUTION

B2C SAAS STREAMING MEDIA COMPANY

WE PROVIDE NATURALLY TRANSLATED MOVIES, TV SHOWS, & CARTOON ON OUR VIDEO STREAMING PLATFORM

GLOBAL STUDIOS

Long-Term Go To Market Plan

Acquire US streaming rights to high quality foreign Movies and TV Shows

Very Cheap

Use our novel generative AI Software to dubbed them to English, making their lip sync and look natural

Launch Global Studios video streaming platform

Short-Term Goals

Build a larger and high-quality Natural Language Translation Model

Naturally translate a couple of movies in a co pilot

Get distribution partners with high quality foreign content

GLOBAL STUDIOS

Why We'll Win

We satisfy customers seeking High-Quality Unseen Content

- Netflix, Hulu, and other Streaming Platform carry the same shows

Best Natural Language Translation Generative AI Software

- Cylab Biometric Lab at Carnegie Mellon University

Foreign movies Streaming rights are very cheap

- Lip syncing these movies to English audio dub creates value

Scalable Business Model

- Strategy can be repeated for foreign markets

Exponentially Large Market

- One English movie can serve Japanese, Chinese, India, and other markets

Financials

Raising $400k in Pre-Seed Capital

18 MONTH RUNWAY

Looking for aligned investors that can help with:

- Connections with Hollywood
- Experience in video streaming platform
- Customer Acquisition

MARKETING 15%

LEGAL 15%

RESEARCH AND DEVELOPMENT GPUs 70%
